Professional Summary

Frontend Developer with 1.7 year of experience creating responsive, scalable web applications using Angular, TypeScript, HTML, and CSS. Experienced in component-based architecture, reactive forms, REST API integration, and UI optimization. Strong problem-solving skills with a focus on writing efficient, maintainable code. Adept at collaborating with cross-functional teams and ready to contribute to challenging frontend projects.

Professional Experience

Software Developer

Karo Sambhav Pvt Ltd

Bengaluru

Aug 2024 – Present

- Developed modular Angular components improving reusability and reducing development time by 20%.
- Built complex reactive forms with nested groups, dynamic inputs, and validation rules.
- Integrated RESTful APIs and used RxJS Subjects for inter-component communication.
- Designed Financial Year dropdown component reused across multiple modules.
- Implemented invoice generation, warehouse inventory, and vendor selection features.
- Applied role-based UI rendering and conditional logic for personalized UX.
- Optimized component load times and resolved UI bugs based on QA feedback.
- Collaborated with backend, design, and QA teams in Agile sprints.

Key Projects

Recycler Sales Management Dashboard

- Built Angular dashboard with dynamic tables, charts, and filters.
- Implemented nested forms for multiple sales items with validations.
- Integrated backend APIs with RxJS for real-time updates.

Role-Based Access Authentication

- Implemented secure authentication and role-based authorization in Angular applications.
- Controlled UI access and navigation based on user roles and permissions.
- Integrated authentication APIs and managed session handling.

Responsive Portfolio Website

- Developed a responsive personal portfolio website using Angular, HTML, CSS, and TypeScript.
- Showcased projects, technical skills, and contact information with modern UI design.
- Implemented mobile-friendly responsive layouts and component-based architecture.

Education

B.E. in Information Science

Global Academy of Technology

Bengaluru

2020–2024

CGPA: 8.34/10

Relevant Coursework: Data Structures & Algorithms, Web Technologies, Object-Oriented Programming, Software Engineering, DBMS

Technical Skills

- **Frontend:** Angular, HTML5, CSS3, JavaScript, TypeScript, Bootstrap
- **DSA & Problem Solving:** Arrays, Strings, Linked Lists, Recursion, Trees, Graphs, HashMap, Sliding Window, Sorting, Dynamic Programming
